

# ◆◆◆ NOTICE ◆◆◆

## Undergraduate Research Opportunities

Seeking undergraduate students interested in gaining valuable research experience by participating in projects involving the analysis, design, fabrication, and testing of novel antennas for advanced communications systems. Opportunities for involvement include:

- ◆ Undergraduate Honors Thesis Topics
- ◆ EE 496 Independent Studies Topics

**Interested Students Should Contact:**

Prof. Douglas H. Werner, Director  
Computational Electromagnetics  
and Antennas Research Lab  
Office: 211A EE East  
Phone: (814) 863-2946
